## Styrofoam Sunday

The Green Team is taking advantage of the season with the hope you'll help us help the environment. Until January 5, please collect and save at home styrofoam block packaging, cups and food containers that are clean and dry and imprinted with a #6 and chasing arrow. Bring your styrofoam to church for recycling on Styrofoam Sunday.

### Sunday, January 5, 2020

Westminster Hall 8 AM – 12 PM  
Centennial Hall 10:30 AM – 11:15 AM  
Recycling styrofoam containers, cups and block foam...NO packaging peanuts!

#### Food containers...

- Must be clean and dry
- Must have #6 Chasing Arrow
- Remove straws, lids, tape or any other non-foam material

Green Team members will collect your styrofoam and deliver it to DART.

When we use a styrofoam cup or take home our leftovers in a styrofoam container, we are using a product that will be with us for centuries - five centuries or more. Currently, 2.5 million cups are used per year in the US and most of these are thrown into the trash and then into our landfills.

REUSING items was the topic in last month's article and reusing styrofoam packing materials is a great idea. However, please don't use or reuse food styrofoam food containers. Benzene and styrene are among the chemicals used to manufacture styrofoam. Benzene is a known carcinogen and a threat to human health and reproductive systems while styrene is a suspected carcinogen. These chemicals can leach from containers into food when heated.

Recycling doesn't make the styrofoam go away. Recycling simply turns it into different styrofoam products. The environment wins because new styrofoam isn't produced and the original doesn't go into the landfill.

This event will be a first for our church and a gift for the environment. Thank you for your help and our committee wishes you a blessed holiday and a joyous New Year.
